**TRAIL SYMBOLS AND DESIGNATIONS**

Trail symbols describe the general degree of challenge of trails within the resort. Trail designations do not apply to terrain features that may exist on a trail. You are the sole judge of your ability to proceed on any trail or to use any terrain features.

Skill Development Area (SDA) and Mountain Bike Terrain may include log jumps, rails, bridges, and other terrain features. They are provided for your enjoyment and offer adventures, challenge and fun. Skill Development Areas are designated by an orange SDA oval.

Mountain Bike Terrain is designated by green circles. Blue squares and single or double black diamonds. Northstar's Mountain Bike Terrain contains a mix of man-made and natural features. Northstar uses Skill Development Areas and Mountain Bike Terrain. It is your responsibility to use these areas with all the safety and equipment and to follow the "Mountain Bike Responsibility Code" at Northstar California in Kernville & Osoy.
