### UPDATES and QUESTIONS / FEEDBACK

Event updates (schedule changes, publication of start lists, ...) will be posted here.

### MOUNTAIN RESCUE INSURANCE

Helicopters are routinely utilized in Crans-Montana to evacuate injured individuals from the mountain - even for relatively minor injuries. Racers should accordingly verify that their insurance policies cover helicopter evacuations.

Otherwise, a separate policy can be purchased from Air Glacier which offers a yearly "rescue-card" covering flight and ambulance costs. Cost 35 Swiss francs. Details and purchase:

**Safety Protocol: riders stopping on track to check lines or pushing up to session sections must do so from outside the tape.**

### UPLIFTS

	<p><b>EQUIPMENT and BATTERIES</b></p> <p>There will be no technical restrictions on batteries etc as we believe technology needs maximum opportunity to innovate and grow and it's already moving at a very fast rate.</p> <p>Motors are limited to 25kph as per EU standard EN15194.</p> <p>Bikes shall have a motor of no more than 250w of continuous rated power and which is only to be activated by pedalling</p> <p>Walk function allowed but only in factory settings.</p> <p>Riders are not allowed to carry spare batteries on their person (they can carry them on their bike or store them in the TAZ) .  **START ORDER and SEEDING**

EWS-E

### Seeding

Riders will be seeded based on the 2022 EWS-E Series Rankings. Other relevant race results may be considered.

Racers will be seeded fastest first.

### Start Intervals

Riders in the EWS-E will have individual preassigned start times for all the Special Stages.

30 second start intervals.

### EWS-E100 and EWS-E50

EWS-E100 and EWS-E50 use a fastest first format.

Racers will be assigned a start position for the first stage based on the information in the "Self Seeding" section of their EWS Rider Profiles ( 1 Super Fast | 2 Fast | 3 Good | 4 Pure Fun ) .

<http://portal.enduroworldseries.com> User Navigation > Additional Racer Info tab/menu

EWS-E100 and EWS-E50 racers can also request to be paired up with teammates / friends for the start (even from different categories).

*EWS Rider Profile > User Navigation > Additional Racer Info > "Paired Rider"*

Once EWS-E100 and EWS-E50 racers leave the start, they are not required to remain in the original start positions for the balance of the stages.

## **START LIST and START PROCEDURES**

List of registered riders published on the event page : "Participating Rider" tab/menu

Start List will be published the day prior to the race.

Any racer who has not collected their race plate by the check in deadline will be not be added to the Start List.

### EWS-E Pro

Racers will have preassigned start times for every Special Stage.

Late racers may be given the following penalties:

up to 5 minutes late = 1 minute penalty

5+ minutes late = 5 minutes penalty

Any racers arriving at the start of a race stage later than 30 minutes after their specified start time will be assigned a DSQ for the race and should not complete any other stages.

Racers MUST check in BEFORE each Special Stage Start.

Penalties for late Liaison Time Checks will be 5 seconds per minute late.

### EWS-E100 and EWS-E50

To minimize congestion on the tracks, the race start will be staggered. Each EWS-E100 and EWS-E50 racer will have an individual assigned time to leave the start / Paddock.

Once EWS-E100 / EWS-E50 racers leave the start, the racers will need to complete the balance of the Special Stages in order. But there are no specific Liaison Time Check or Loop Start times for the EWS-E100 or EWS-E50 races. Rather, EWS-E100 / EWS-E50 riders will have a specific time period to complete each individual Special Stages as well as an overall time to complete the course each day.

Maximum course time and opening / closing times for the Special Stages will be published day prior to race.

If a racer does not complete the course within their final time check, they will have a penalty added to their overall time.

up to 5 minutes late = 1 minute penalty.

	<p>5+ minutes late = 5 minutes penalty</p> <p><b>GENERAL</b>          If a racer is delayed reaching a stage start or the finish time check as a result of assisting an injured rider or due to some other exceptional circumstances beyond the racer's control, the time penalty may be waived and / or the racer may be permitted to repeat the stage.          Any racer affected by a 'significant incident' during a transition or race stage should immediately report to the finish or start official of the affected stage (as applicable).</p> <p>The Race Director has the final right to change start times during the race in case of any unforeseen circumstances.</p> <p><b>LIAISON INFORMATION DOCUMENT</b>          The route description and allocated times for each stage/transition will be published with the course maps.          Racers should use this information during training to calculate the pace needed to complete each liaison and the overall course.</p> <p>The course is designed to be ridden in the EWS-E race in full power on a 500W battery. This should cancel any benefits of different battery capacities on each loop          Liaisons in EWS-E are designed to be quite tight for timing, so move quickly. You don't have to race, but we plan long term to make all Liaisons quite fast.          Liaisons in EWS-E100 and EWS-E50 are more relaxed so that riders can select lower power modes to conserve battery</p>
	<p><b>LIVE TIMING and RESULTS</b>          Race Feed and Live Timing: <a href="https://www.enduroworldseries.com/live/">https://www.enduroworldseries.com/live/</a>          Official Results (with penalties) will be posted on the Enduro World Series <a href="#">website</a> following the race.</p>
