Racer will be limited to 1 training run on each race stage.

To manage congestion on the tracks during training, each group (EWS and EWS100/EWS80) will have assigned times for each stage.

Timing stickers and timing chips will be issued at the start on race day. Racers should arrive at least 15 minutes prior to their individual start time to collect the chips.

30 second start intervals.

EWS100/80

EWS100/80 use a fastest first format.

Racers will be assigned a start position for the first stage based on the information in the "Self Seeding" section of their EWS Rider Profiles (1 Super Fast | 2 Fast | 3 Good | 4 Pure Fun) .

<http://portal.enduroworldseries.com> User Navigation > Additional Racer Info tab/menu

EWS100/80 racers can also request to be paired up with teammates / friends for the start (even from different categories).

EWS Rider Profile > User Navigation > Additional Racer Info > "Paired Rider"

Once EWS100 and EWS80 racers leave the start, they are not required to remain in the original start positions for the balance of the stages.

If a racer does not complete the course within their final time check, they will have a penalty added to their overall time.

GENERAL

If a racer is delayed reaching a stage start or the finish time check as a result of assisting an injured rider or due to some other exceptional circumstances beyond the racer's control, the time penalty may be waived and / or the racer may be permitted to repeat the stage.

Any racer affected by a 'significant incident' during a transition or race stage should immediately report to the finish or start official of the affected stage (as applicable).

The Race Director has the final right to change start times during the race in case of any unforeseen circumstances.
